

INVITATION

Dear Sir/Madam,

Regional Youth Cooperation Office in cooperation with **Franco German Youth Office** is pleased to invite you to participate in the discussion: ***Strengthening the path for reconciliation and regional cooperation- Debate about the European future of young Kosovars*** . The event will take place at **Orion Conference Centre in Prishtina** on **February 7**.

The regional youth cooperation and reconciliation process is essential in the European integration of the societies of Western Balkans. This has been proven with the establishment of RYCO as an inter-governmental mechanism which aims to foster the process of reconciliation through supporting youth mobility in the region.

Thereupon, the discussion will try to further explore the opportunities that young Kosovars have in enhancing regional cooperation and their role in supporting such a process, by taking as an example Franco German Youth Exchange.

This event is being organized under Kosovo chairmanship on RYCO Governing Board!

Let's join us to make Western Balkans a better region for all of us!

Sincerely,

Krenare Gashi- Krasniqi
